Date: 06/02/2023

Training and Placement is an essential part of a developed and competitive institution, which is accepted as one of the most important department of Pharmacy Institution. Training & Placement Cell is having a team of committed experts who always come forward to impart invaluable suggestions for the betterment of the students. The Training & Placement Cell of College is well networked with Industries. It seeks guidance from the industry on regular basis and ensures requisite polishing of the students so that they can carve a niche in their professional career. The active placement cell prepares a strategy for its students for training and placement with the primary aim to find a suitable and lucrative job in reputed companies. The placement cell has an excellent placement record and most of the students have their careers started out well before they complete graduation.

The placement cell is committed to developing dynamism, strong human values, technocratic and good leadership qualities in all our students. The main function of this cell is to accomplish the basic needs of the corporate world. The T & P Cell provides not only placements but it gives emphasis to make the students ready to cope up with the current challenges of the Industry by making them aware about the recent market trends. We keep arranging the Educational tours and Industrial visits so that students can get the practical exposure of the working environment.

The placement cell aims at making students as the part of planning, formatting and executing the day-to-day activities of Training and Placement. This makes them a part of the procedural set-up, which goes a long way in building their responsible character and helps them to be good planners, confident individuals, promising leaders and better human beings. The placement cell will provide an opportunity to the best students to make their career in the pharmaceutical industry.
